

WS-FD-8645-RFG-LR-IR configuration shown.

Job Name	
Model	WS-FD-8645
Item#	

The Fire Deck 8645 oven features a door opening 56 inches wide x 10 inches high, complemented by a glass heat shield and stainless steel mantle. The cooking area is 68 inches wide x 32 inches deep, resulting in a 15-square-foot cooking surface. A tensioned steel exoskeleton surrounding the hearth and dome perimeter ensures structural integrity and longevity. Wrapped in spun ceramic fiber insulation and requiring only a 1-inch side clearance to combustibles, the monolithic 4-inch thick cast-ceramic hearth and monolithic 4-inch thick dome rest on a black painted steel stand. The oven body front is finished with stainless steel; galvanized steel is used for the top, back and sides. The oven arrives completely assembled, ETL Listed, ready to install and is made in the USA. A set of optional rigging casters is available to aid in the initial installation. Information about custom finishes, tools and accessories can be found at: woodstone-corp.com.

HEARTH CAPACITY

8" pizzas:	20
10" pizzas:	14
12" pizzas:	10
16" pizzas:	5-6

Assuming 5-minute cook times, the approximate maximum hourly production capacity can be calculated by multiplying the above numbers by 12. Cook times will also vary depending on "style" of pizza. **Note:** The addition of an optional decorative flame will decrease space and impact overall cooking capacity.

FUEL CONFIGURATIONS

GAS-FIRED ONLY: Configured to burn either natural gas (NG) or liquid propane (LP).*

RADIANT FLAME + UNDERFLOOR IR (RFG-IR):

Heated by an easily adjustable radiant flame located on both sides of the cooking chamber, along with a thermostatically controlled infrared burner which is mounted under the oven deck to ensure high production capacity.

DECORATIVE FLAME (-DF): Provides an additional 15,000 BTU/hr flame at rear of cooking chamber for show.

Note: Option will reduce available hearth capacity.

WOOD-FIRED (W): Wood-fired only.

WOOD WITH GAS ASSIST (W-IR): This wood-fired model is assisted by the additional BTUs of an Underfloor IR burner. **Note:** A wood fire is required with this configuration.

COMBINATION (-W): Allows optional wood burning for ovens with gas burner configurations.* **Note:** Adding wood to an oven with an RFG burner will reduce available hearth capacity.

*Gas type must be specified at time of order.

GUIDE TO MODEL NUMBERS

	Underfloor IR Burner	Left Side Radiant Flame	Right Side Radiant Flame	Decorative Flame (-DF)	Wood Required	Combination	Natural Gas	Liquid Propane
WS-FD-8645-RFG-LR-IR	X	X	X	-DF			-NG	-LP
WS-FD-8645-RFG-L-IR-W	X	X			X	X	-NG	-LP
WS-FD-8645-RFG-R-IR-W	X		X		X	X	-NG	-LP
WS-FD-8645-W-IR	X				X		-NG	-LP
WS-FD-8645-W					X
