

AIR-COOLED VIEWING WINDOW

Wood Stone

Wood Stone now offers an attractive Air-Cooled Viewing Window option for Mountain Series, Fire Deck Series, Designer Series and Duck Ovens. The Viewing Window incorporates a multi-layer design that helps to cool the outer glass surface.

The Viewing Window assembly allows for the installation of a facade wall by others, in a similar fashion to our other facade extension options. The durable and heat resistant ceramic-glass sections can be removed for cleaning.

The Air-Cooled Viewing Window is designed to provide a window assembly that is much cooler than the oven internal temperature. However, be aware that when in operation, temperatures on the external glass and frame can range from 120 °F to nearly 200 °F. Surfaces above 140 °F can cause burns. A Wood Stone oven is a high temperature commercial appliance. Care should be taken when designing an installation utilizing a Viewing Window to minimize the opportunity for anyone to directly contact the Viewing Window glass or frame while the oven is in operation or hot. In many cases a barrier (by others) will be necessary to ensure a safe installation.

This option is not recommended for ovens burning solid fuel due to potential sooting issues encountered on the glass when burning wood or coal.

Also, be aware that there is some production loss when adding an Air-Cooled Viewing Window because the additional opening removes some of the dome's mass.

MOUNTAIN SERIES MODELS

For Mountain Series ovens, the Air-Cooled Viewing Window is available with either a flat face frame, or a curved face frame. For WS-MS-5 (Mt. Adams) WS-MS-6 (Mt. Baker) and WS-MS-7 (Mt. Rainier) ovens, labeled positions shown on the diagram to the right—90°, 120°, 180°, 240° and 270°—are available for installation of a Viewing Window. Call the factory to discuss Viewing Window options for the WS-MS-4.

WS-MS Viewing Window Flat Depth

WS-MS Viewing Window Curved Depth

FIRE DECK SERIES MODELS

For Fire Deck Series ovens, the Air-Cooled Viewing Window (flat face only) may be located on the rear of the oven.

WS-FD Viewing Window Flat Depth

WS-FD Viewing Window Flat Dimensions

DESIGNER SERIES & DUCK OVENS

The Air-Cooled Viewing Window is also available for our Designer Series and Duck Ovens. Contact the factory for dimensions.
