

**A. HIGH-TEMP CERAMIC BAKING SLATE**

The heart of a Wood Stone oven is now available for your conventional rack or convection oven—Baking Slates manufactured from the same ceramic used in the construction of our stone hearth ovens. The slates are cast into standard sheet pans so they are conveniently sized at 18 x 26", weighing 44 lbs (full sheet) and 18 x 13", weighing 18 lbs (half sheet).

In addition to enhancing the crust properties of pizza and bread products, the high-temperature Ceramic Baking Slate will help the oven hold on to valuable heat that is normally lost every time the door is opened.

WS-SLATE-1826 (full sheet)

WS-SLATE-1813 (half sheet)

B. HAND HELD IR THERMOMETER WS-TL-IRT

This easy-to-use device allows instant surface temperature measurements anywhere in your Wood Stone oven. Just point the Hand Held IR Thermometer at the surface in question and press the button—the temperature is instantly displayed on an LCD readout. The button can be held down for scanning surfaces. The meter takes a reading every half second and has accuracy of ± 3 °F and a range of 0–750 °F. It is powered by one 9V battery and is built of high-impact plastic for long life.

C. SMOKER BOX 000-313

Wood Stone's Smoker Box uses wood chips to give the aroma of a wood-fired oven in a gas-fired oven. Constructed of heavy-duty stainless steel for years of service. The box is 9.5" long x 4.25" wide x 2" deep.

D. OVEN TOOL HANGER 1650100

Wood Stone's Oven Tool Hanger offers a convenient way to have your tools easily accessible while cooking. The hanger is 2.5" wide x 2.75" deep. Minimum order of two.

E. LOADING PEEL TOOL HANGER

3000-0054

The Loading Peel Tool Hanger is specifically designed to accommodate all loading peels. The hanger is 4.5" wide x 1.625" deep. Minimum order of two.

F. MANTLE CRUMB TRAY 000-CRUMB-TRAY-01

The Mantle Crumb Tray is a receptacle which hangs on pegs and collects debris brushed into it. Removal, emptying and replacement is easy. It can be retrofitted onto any Fire Deck oven mantle. The Mantle Crumb Tray for all Fire Deck Series models (except the FD-6045) is 57.5" long x 2" wide x 1.75" deep. Please call for details on the FD-6045 tray.
