

Plancha

Wood Stone

Expand your cooking with Wood Stone's highly responsive electric plancha, ideal for preparing everything from traditional griddle items to more sophisticated fare. Because its four cooking zones are controlled separately, you can simultaneously plancha foods like meats and seafood that require different heat levels, from a mild sauté to a sizzling sear.

OVERVIEW

- Spacious 34"x 24" cooking surface
- Four separately controlled heat zones for simultaneously cooking and/or warming foods at different heat levels
- Intelligent controller maintains consistent heat levels
- Controls offer plate settings from 200°F to 800°F
- Heavy-duty steel top heats evenly and retains temperature reliably
- Stainless steel backsplash prevents foods from falling over the edge
- Fat drains into a removable drip tray
- Available in a 2 or 4 zone configuration as a countertop or cabinet base model
