BROILER SHELVES

*Add another level
inside your oven*

Wood Stone's Broiler Shelves are designed to quickly add additional space inside your oven. Expand your menu with wings, meatballs, tots, roasted veggies or bread sticks, baking at approximately 100° F higher than the floor. To learn more, call **800.988.8103**

Currently available for Fire Deck and Mountain Series ovens.

When using shelves in larger ovens such as the MS7, we recommend using the Titanium Utility Peels to provide a better experience for the chef.

Titanium Utility Peel

A large, light gray circular logo is centered on the page. Inside the circle is a stylized flame icon, also in light gray. The flame has three main upward-pointing tongues. Overlaid on the center of the flame and circle is the text "the POWER to PERFORM" in a dark gray, sans-serif font. The word "the" is in italics, "POWER" is in all caps, and "to PERFORM" is in all caps with "to" in italics.
